

OKI

OKI Office Printer Range

The most robust, reliable
printers with unrivalled
media flexibility

BUILT TO PERFORM.
BUILT TO CREATE.

ENABLING YOU TO GET IT DONE

OKI are pioneers of LED digital printing technology. We provide customers with a tool that not only runs smoothly and efficiently, but a reliable and robust printer that provides flexibility with a unique difference for output across multiple applications. No matter what the task, get it done with OKI.

The OKI Advantage

LED Technology - Higher Precision
Detail, Colour Depth

Straight Through Paper Path - Reliable
(fewer Jams) and Durable

Quicker Printing,
Effortless Duplex

Space Saving, Compact Design, Great
Usability for Ease of Use

Unrivalled Media Flexibility - do more in-
house (B8 to 1.3m and up to 360gsm)

3 Year Warranty

Backed by a 3 Year Warranty

OKI printers are manufactured to the highest standards of quality and technology, which is why OKI offer an extension to the standard 1 year warranty period to 3 years - at no extra cost to our customers. Simply register your product within 30 days of purchase to benefit from FREE 3 year on-site, or return to base warranty.

OUR RANGE

Monochrome Printers

A4

B412dn

Affordable professional mono printer

Users: 1 - 5
Print Speed: Up to 33ppm
Print resolution: 1200 x 1200 dpi
Media Handling: A6 to 1.3m banners and up to 163gsm card
Function: AirPrint, duplex print, optional 2nd paper tray

A4

B432dn

High-speed and efficient professional mono printer

Users: 1 - 10
Print Speed: Up to 40ppm
Print resolution: 1200 x 1200 dpi
Media Handling: A6 to 1.3m banners and up to 163gsm card
Function: AirPrint, duplex print, optional 2nd paper tray

A4

B512dn

Handle high volume mono printing fast

Users: 1 - 15
Print Speed: 45ppm
Print Resolution: 1200 x 1200 dpi
Media Handling: A6 to 1.3m banners and up to 163gsm card
Function: 530 sheets paper tray, AirPrint, duplex print, optional 2nd paper tray

Colour Printers & Multifunction Devices

A4

C650dn

World's smallest high-performance A4 colour printer

Users: 1 - 20+
Print Speed: 35ppm colour/mono
Print Resolution: 1200 x 1200dpi
Media Handling: B8 to 1.3m banners and up to 256gsm card
Function: NFC, AirPrint, duplex print, optional 2nd/3rd/4th paper tray

A3

C834

Smallest colour A3 printer on the market

Users: 1 - 30
Print Speed: 36ppm colour/mono (A4)
Print Resolution: 1200 x 600dpi
Media Handling: A6 to 1.3m banners and up to 256gsm card
Function: NFC, AirPrint, Wireless (optional on dn model), duplex print (optional on nw model), optional 2nd/3rd/4th/5th paper tray

A3+

C911dn

High speed, A3 printer for outstanding colour printing in the demanding office

Users: 1 - 30+
Print Speed: 50ppm colour/mono (A4)
Print Resolution: 1200 x 1200dpi
Media Handling: A6 to 1.3m banners and up to 360gsm card
Function: Duplex print, optional 2nd/3rd paper tray, optional high capacity feeder

A3

**MC853
MC873**

Compact and powerful with customisable interface

Users: 1 - 30+
Print Speed: Up to 35ppm colour/mono (A4)
Print Resolution: 1200 x 600dpi
Media Handling: A6 to 1.3m banners and up to 256gsm card
Function: 7" colour touch screen, convenience stapler, AirPrint, Duplex print/scan/copy/fax, optional 2nd/3rd/4th paper tray

THE PERFECT FIT

Focusing on the requirements within specific vertical printing applications highlights the need for our solutions by utilising OKI's unique media handling capabilities, superb colour depth, reliability and compact design.

HEALTHCARE

Busy hospital and healthcare environments require a printing solution that is not only compact, but provides speed, reliability, professional results and, most importantly, security. This is essential when it comes to handling private and confidential patient data. Daily printing material includes everyday documentation to wristbands, medical test results, images, prescriptions, educational flyer's, window, wall and floor signage for waiting rooms. OKI has your back.

Solutions for

Dentists
GPs
Hospitals
Medical Centres
Pharmacies
Specialists

HOSPITALITY

Hotel, Restaurant and Cafe businesses have a huge appetite for creating a memorable experience driving repeat bookings and positive reviews. Printed materials play a huge part in achieving this. From personalised banners and signage up to 1.3m long to tablecloths, place cards, waterproof menus, pre-cut media for door hangers and bottle collars, tent cards, vouchers, floor and window stickers, event material and more, our products allow you to deliver service with a smile.

Solutions for

Bars
Cafés
Event Venues
Hotels
Restaurants

GENERAL OFFICE / MARKETING

The modern workplace is continually evolving with a focus on efficient document capture workflows and automated business processes to increase employee productivity and provide secure access to documents, anytime and anywhere, whilst reducing costs. For small businesses efficiency also comes from having one device that supports all department needs across, Finance, Supply Chain, HR and Marketing.

Solutions for

Business Documents

Flyer's & Leaflets

Invoices & Receipts

Marketing and event material

Brochures

Forms

RETAIL

Retailers need to react quickly to price changes, promotional offers and new product lines, encouraging shoppers through the door and engaging with them in-store, to help influence purchasing decisions. OKI's flexible media can produce small price tags up to 1.3m hanging and floor banners. You can even print on waterproof and UV resistant media for outdoor use, as well as all your day-to-day general printing needs. Our fast and efficient print solutions are always ready to go, when you need them.

Solutions for

Food & Beverage

Homewares

Clothing Stores

Car Dealers

Shoe Stores

Garden Centres
& Nurseries

Homewares
& Furniture

Leisure & Hobbies

EDUCATION

Colour and print flexibility are important when it comes to educational institutions. Printing quality educational materials including everyday documentation, teaching materials and test sheets, wall, floor and window stickers, membership cards, certificates, school/university brochures and flyers and so much more is needed on a daily basis. Our printing solutions are made to get your message across.

Solutions for

Day Care Centres

Schools

Special Education

TAFE

Tutoring

Universities

OKI SMART MANAGED PRINT SERVICES

OKI's Smart Managed Print Services takes care of the collection of meter reads and automates the supply of consumables to selected OKI devices under a contract.

SMART MPS BENEFITS

OKI Smart Managed Print Services (MPS) benefits a business because it makes the cost of printing very clear and levels out the running costs. As a result Smart MPS is beneficial to most businesses, big or small.

PERFORMANCE GUARANTEED

WHY BUY GENUINE?

OKI consumables and devices are developed to provide intense colours and brilliant finishes. The only way to guarantee these results from your OKI device is by using OKI Original Consumables. Designing and testing our consumables in accordance with industry standards helps us to ensure that customers get the best possible reliability and quality from their OKI printers.

1. QUALITY

Generic third party consumables have been found to produce inferior quality print results compared to OKI Original Consumables. Also, when it comes to printers, page yield is just as important and businesses should be factoring this in when it comes to ordering consumables.

2. YIELD

Some generic third party consumables may state that they can produce an equivalent page yield (the number of pages a device can print using one toner cartridge) as an OKI Original Consumable. BLI testing concluded that a generic third party product failed to meet its stated yield and produced significantly less pages than the OKI Original Consumables that it was tested against.

By using OKI Original Consumables, customers will always get the number of pages promised because we use ISO-approved testing methods that enable us to accurately determine the declared yield for our original toner cartridges.

“

COMPATIBLE CONSUMABLES HAVE BEEN FOUND TO PRODUCE UP TO 50% LESS PRINT YIELD THAN OKI ORIGINAL CONSUMABLES*

3. WARRANTY

All OKI devices are supplied with a warranty and we like to make it as clear as possible that we do not recommend the use of generic third party consumables with your device. One of the key reasons for this is that a generic third party consumable could damage your OKI device as well as impacting the print quality.

When it comes to making a warranty claim for an OKI device, customers could find that their warranty is invalid if the damage has been caused by a third-party product. The best way to ensure that your OKI warranty remains valid is to only use OKI Original Consumables – this will also safeguard the longevity of an OKI device and reduce the possibility of having to make a warranty claim.

Business Printing Specialists

OKI's printer division is a global business-to-business brand dedicated to creating cost effective, professional in-house printing solutions which are designed to increase the efficiency of today's and tomorrow's businesses and their workflows. As pioneers in innovative print technologies from digital LED to High Definition Colour, we have a portfolio of award winning products and solutions enabling businesses to achieve both image focused, vibrant, quality print communications and budget flexibility.

Considering the Environment

As part of the OKI Group's Charter of Corporate Conduct, OKI continually reviews its efforts to provide environmentally sound solutions to its customers:

- Our products are designed and manufactured with reducing the impact on the environment in mind.
- Increasing the amount of our hardware products and consumables that are recycled is one of our strategic objectives.
- We feel responsible for conducting our business in an environmentally sound manner, contributing to conservation and activities within our local communities.

OKI's Green Leaf symbol, found on all products and packaging, represents our total commitment to collection, recycling and environmental processes.

High Definition Colour

High Definition Colour is OKI's own unique set of market defining hardware and software technologies. Together, these components deliver unsurpassed colour printing simply, intelligently, and with perfect results.

Great colour starts with OKI

30 years of LED Technology

OKI pioneered the development of digital LED technology in printers over 30 years ago. This innovation delivers High Definition printing – for more accurate, striking printed documents. Thanks to this digital LED technology, our printers are compact, environmentally friendly and energy efficient, using significantly less raw materials in the manufacturing process and consuming less energy. LED print heads have no moving parts, making our LED printers robust and ultra reliable.
